R. H. EDDY,
SOLICITOR OF PATENTS.
Late Agent of U. S. Patent Office, Washington,
(under the Act of 1837.)
No. 70 State St., opposite Kilby St.,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries, Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent found by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through its inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGE AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty-two past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHARLES MASON
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in form, and more to secure an early and favorable consideration of the Patent Office. EDMOND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents as they may be sure of receiving the most faithful attention bestowed on their cases and at very reasonable charges." JOHN TAGGART,
Member of the last Congress.

During eight months the subscriber, in course of his large practice, made on twelve rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

SUPER PHOSPHATE OF LIME.

THE Undersigned agent in Newport for J. J. Mapes, offers for sale the above named valuable fertilizer. The experience of several years in various localities has proved it the most reliable and economical of fertilizers, cheaper, surer, and more lasting in its effects than Peruvian Guano, not so stimulating and productive of fruit and grain rather than leaves and foliage. As a top dressing for meadows, pastures and farms it has no equal. It is cheaper than bought stable manure, more easily applied, and has the great advantage of protecting neither weeds or insects, while it is injurious to many species of the latter. Any information will be given upon application, and certificates of its value can be shown—proving that for the farmer and gardener its effects are most desirable. E. W. LAWTON,

THE DISMISSAL OF COMMANDER HUNTER.

There is no doubt but that our prejudices, whether the effect of education or of our inborn idiosyncracies, do warp our judgments. But, still, looking at some things as calmly as we can look at them, we are not *always* able to agree with the acts and decisions of "the powers that be," under the surprising circumstances of our present affairs. The dismissal, from the naval service, of Commander Hunter is one of the acts and decisions that we "can't see in that light." We do not intend to enter into a detail of this case, but simply would remark concerning it, in a general way, that we consider the decision as a grave mistake, and highly disastrous in its moral consequences, on the ground, that it was based, as Captain Hunter remarks in his able and patriotic defense, upon no allegation of "disobedience of orders, or unofficer-like conduct," but simply upon the charge of "violation of neutral territory or jurisdiction."

This is the charge also which is made in the first letter upon the affair, written by the Spanish Minister Tassara to Mr. Seward, in which he alleges the offense to be, chasing a neutral vessel "within the jurisdictional belt" of an island belonging to the government which he represented. Now, it may possibly be that Commander Hunter, in his patriotic zeal to serve the cause of his country, at a critical time, did go just far enough to afford a pretext for Spain to put in a claim for satisfaction, and for international law-casuists to find a "hair to split" in regard to the particular offense which he did commit. But, as that is all that he did, and as our government had already sustained other acts on the part of other Commanders less questionable in their impropriety, we do deem this decision as harsh, unnecessary, and culpable. If Commander Hunter erred, it certainly was on *the right side*. There is no question as to the character of the General Rusk alias Blanche, which her crew so wantonly destroyed in order to prevent her falling into the hands of our patriotic commander. He, fired by a noble impulse, in view of the vital importance of a strong vigorous and active police espionage over the high seas, at this juncture, and determined to set a noble example to the world that we are fully and firmly resolved to "right our wrongs whersoever committed," did not stop for a nice calculation of "jurisdictional belts," but gave chase, instead of going into his cabin and consulting authorities, as too many of our commanders do, in order to discover, mainly, some reason for either a total supineness or, at best, a laggard performance of what he knew to be his duty.

The real gist of his offense, "the head and front" of it, was simply an allegation of the violation of the law of nations—nor does this seem to have been *clearly* proven; and as Commander Hunter says, although "it is true that the Constitution of the United States gives Congress power to pass laws in punishment of violation of the law of nations, still Congress has not availed itself of the power thus conferred; and the articles of war are *silent on this kind of offence.*"

For this doubtful offense, and not censured, but even sustained by his superior officer, Commander Hunter has been arraigned, tried and dismissed from the service of his country—and that, too, at a time when she needs just such men.

Technically right or wrong, the spirit that actuated Hunter, is the spirit that we require and for want of which the interests of the Republic are in danger from men inferior to ourselves in numbers and resources, and enabled to compete with us at all, only by reason of the possession of this same spirit of daring and vigor. Do the rebels go into a nice calculation of "jurisdictional belts?" We trow not, nor indeed do any of the nations of the world, who sympathize with them in their enormous crime against mankind.

We have hitherto erred on the *other* side, and we have great reason to thank God for an occasional example of the true spirit upon which this war should be conducted, by the gift to the service, of an occasional Wilkes or Hunter.

We say these things in no spirit of partiality, because Hunter is a native of our own city—although for this we are proud of him—but because we believe the *animus* of his conduct in the matter in question is just what we need to pervade and animate in the heart of every officer in the service of these United States at this time. For want of this spirit the nation groans, longs and languishes. Slow coaches we have *ad nauseam*. There is no fear of a dangerous *fastness* any where, surrounded as we are, by so many and such powerful checks of imbecility and cowardice. These conservative elements are strong enough in the army and navy to allay the fears of the staunchest old fogies of all descriptions. A vigorous prosecution of this war ignores all subtleties and cob-web technicalities. Give us, say we, more such men who will sweep them away with the besom of a fearless vigor. Give us such men, and whatever decisions a technical inquest of military old-fogy coroners may come to, over the dead body of a past act, committed under the spur of a patriotic zeal, they may rest assured that the people—the source of all power—will reverse all unfavorable ones, and crown the victims to these witchcraft tribunals with immortal honor, and give them a place in history when the names of their accusers shall be ignobly forgotten.

And so it shall be with our own Hunter, even as he says in the close of his noble defense, shall it be done unto him. "He who, in the peril of a great nation, shrinks from any portion of the burden that it pleases Providence to inflict on him, is unworthy of our people and the time—unworthy of the heroic example of those martyrs who have died for liberty. His children cannot inscribe upon his tomb, "He lived and died for his country." [illegible] of the Court, my heart tells me that you cannot deprive me of the chance of earning [illegible] honorable part of this epitaph."

[illegible] seems, the noble instincts of the gallant commander deceived him. The court did what he trusted they could not do, but his countrymen have already, in their hearts, reversed that decision and set aside the verdict, and will yet grant him the prayer of his heart—a new trial to earn that epitaph which he desires, "*he lived and died for his country.*"

Local News Items.

The Daring Rebel Exploits in Maine.—On Saturday we received among our telegrams a very mysterious item in regard to the sailing of the U. S. Revenue Cutter, Caleb Cushing, from Portland, Maine, without orders and without officers—and that she was provisioned for two months and heavily armed.

After the issue of our paper on Saturday afternoon, the following dispatch was received, dated from Portland at half past four o'clock: From this dispatch it seems that the Caleb Cushing was audaciously "cut out" on Saturday morning by a crew from the rebel pirate Florida, No. 2, who entered the harbor of Portland on Friday afternoon, unsuspected, in a schooner called the Archer which they had captured, and early Saturday morning they seized the cutter and placing her crew in irons, stole out by the lower passage, and put out to sea, being compelled to tow her out to a considerable distance for want of wind. An expedition was fitted out consisting of the steamers Forrest City and Chesapeake, which succeeded in capturing the pirate but not in rescuing the cutter, which was blown up. This was a bold raid, and was intended to result in a great deal more mischief, had the pirates succeeded in all their plans. It is a raid also of peculiar significance to the people of Newport, when we consider the state of our harbor defences. There is a fort in the harbor of Portland, of about one half the strength of Fort Adams, Fort Preble, which appears not to have been in a condition to have prevented the rebels placing the city under contribution, had things worked "all right."

The promptness of the Lieutenant in command and of the citizens of Portland who volunteered on the occasion is worthy of the highest praise

Portland, June 27, 4.30 P. M.

The steamer Chesapeake has just arrived up, while the Forrest City has stopped off Fort Preble to land prisoners. It is reported that thirty-five rebels from the rebel pirate Florida No. 2, are among them, Lieut. John M. Gould, of the 10th Maine regiment, who was a volunteer on board the Chesapeake, reports to me that the Chesapeake leaving at 11 o'clock, A. M., arrived soon after the Forrest City, which was waiting for her to attack in concert. It was decided that the Chesapeake should lead in boarding, to be closely followed by the Forrest City; in the meantime the cutter was firing from her big gun, five shots at the Forrest City, one at the tug which accompanied the steamer and three at the Chesapeake. The Chesapeake fired one shot at the cutter, which fell short, but was a beautiful line shot. Of the three shots fired at the Chesapeake two fell short, and one, a round of grape, went through her rigging. Seeing the steamers ready to board, at 12.35—the rebels abandoned the cutter, going to a schooner near by, leaving the cutter's crew in another boat which was picked up by the Chesapeake and setting the cutter on fire. The cutter blew up at 1.50 P. M. with a tremendous concussion, having 400 pounds of powder on board. The Forrest City pursued the schooner and captured it. The cutter's crew report that the schooner before mentioned came in yesterday afternoon with a detachment of pirate Florida's crew on board, who had captured her, and sent her in to destroy the two gunboats building here. She came in unsuspected and this morning, early, seized the cutter, putting the crew in irons and stole off quietly through the Islands by the lower passage, Hussey's Sound, towing out with two boats ahead, the wind being light. On leaving the cutter, the rebels threw the kegs of shrapnella to the cutter's crew in the boats. The name of the rebel commander is said to be Reed. The citizens who volunteered under command of F. R. Harris, are just marching up Exchange Street. The schooner captured is the Archer and 22 rebels on board. They intended to have burned the new gunboats but could not get a chance. They proposed laying both under contribution to-day, if successful.

Further News.—Since preparing the above, we have been favored with the following despatch received yesterday from the Mayor of Portland, by Mayor Cranston:

Portland, June 28, 1863.

Hon. W. H. Cranston, Mayor:—

We have no knowledge of the Florida's being off our coast; no reports of her.

The Tacony was burned off Cape Sable; her officers and crew, twenty-five in number, were taken yesterday off our harbor, having cut our cutter out. They are now in prison in Fort Preble. The schooner which they captured on leaving the Tacony is also here a prize.

Jacob McLellan, Mayor.

We also learn that steps have been taken for the protection of our own waters and shores, as well as those of the exposed portions of the State, generally.

The following is a dispatch received by Mayor Cranston from Gov. Smith:

Providence, June 29.

Hon. W. H. Cranston:—

Col. Gallup commands the Marine Artillery at King-town Ferry, Hatch Island and Conanicut.

James Y. Smith, Gov.

Gov. Smith has also ordered the Newport Artillery to report to Mayor Cranston for duty, to protect the East passage, at such a point as he may deem most suitable.

A detachment from the Artillery proceeded today over to the Second Beach, with the Parrot gun, to protect the East passage. They carried over also both shells and ball.

Ossian E. Dodge.—This celebrated and inimitable humorist and vocalist who once paid $625, for the prize ticket to Jenny Lind's first concert in Boston, and who once offered Prince Albert $10,000 for the use of Crystal Palace, London, for a monster concert, which offer was declined, upon the ground that the Palace was needed for national purposes only, will give one concert in Newport, at Aquidneck Hall, Saturday evening July 4th. Mr. Dodge will be assisted by the eminent young balladist William Hayward, who is pronounced the best ballad singer in America.—The character of the entertainments given by Mr. Dodge have ever been of the highest order, and his great success in the concert-field is largely owing to the judicious and refined taste exercised in the selection of his pieces.

The Sale of Classical Objects of Art, at public Auction, will be continued and closed this evening, at No. 145 Thames Street, foot of Church Street. As this is the last opportunity that will be afforded our citizens to purchase these fine specimens of works of art from Italy, it behooves all who are desirous of obtaining such articles, to attend. It is an opportunity that may not offer itself again, very soon, in this place.

The Discourse of the Rev. C. W. Denison, on the mission of the relief ship *George Griswold*, delivered at the Chapel of the 2d Baptist Church last evening, was a most able, eloquent and interesting affair, and we only wish it could have had an audience of thousands, as it most richly deserved.

At the close of the discourse, Rev. Mr. Malcolm offered the following resolution, which was put to vote, and unanimously adopted by the audience:

Resolved, That we have listened, with pleasure, to the statement of Mr. Denison concerning the missions of the relief ship George Griswold, (of which he was Chaplain) to the suffering operatives of England; that we heartily approve that humane and Christian act from our government and people toward the government and people of Great Britian; that we earnestly trust it may tend more fully to confirm good feeling between the two nations; and that, should Mr. Denison attempt, as he has intimated, in any way hereafter to still further endeavor to be instrumental in promoting a correct understanding and good fellowship in the mind of the British public towards ourselves, we will follow him with our best wishes, and our prayers that the Divine blessing may accompany his labors.

We intended to have given a fuller report, but this is crowded out of our columns to-day, and will be given to-morrow.

We most earnestly recommend a repetition of the Lecture, in some commodious place, on some evening of the present week. We have heard nothing, for a long time, that would so amply repay any trouble or expense of arrangements for a rehearsal, as this account of the *George Griswold*, and the effect of her mission upon the people of England. Thrilling, eloquent, earnest and loyal to the highest degree, it would meet a hearty response in the bosoms of any audience.

The Annals of Rhode Island.—To-morrow evening, the able oration and poem delivered before the "Sons of Rhode Island," at their anniversary meeting in the city of New York, will be rehearsed at Aquidneck Hall, at 8 o'clock. The oration is by Rev. Francis Vinton D. D., who is an exceedingly graceful and interesting speaker, and is well known as such in our community where he resided at one time, as the able rector of Trinity Church. The poem is by George W. Curtis Esq., well known to the literary public as a finished writer and poet. This can not fail of being a most interesting occasion to all, even though many of us have read an abstract of the exercises in New York.

The oration and poem have already been repeated in the city of Providence, where an admission fee of twenty-five cents was charged, but owing to the liberality of our Redwood Library Association, the public will be admitted free of all charge. The Library Association have assumed the whole matter, and extended the invitation to the orator and poet who have kindly consented to favor us with their attendance. We doubt not that the Hall will be crowded, with a large welcoming audience.

Newport and Greenwich.—We are glad to learn that our city and Greenwich are to be connected again during the coming season—thus affording additional facilities of travel to and from New York and elsewhere.

The steamer *Water Lily* has been chartered to run between here and Greenwich, in connection with the Shore Line and commences running this day, as per advertisement.

Surely, what with the railroad, the two boats daily to and from Providence, and the Greenwich Line, Newport will be quite accessible, and we shall not, at least during the summer season, be without a mail for ten days; a forlorn event to which we were actually "shut up", not many winters since. Speed the boats, say we.

Stockholders Meeting.—There will be a special meeting of the stockholders of the Boston, Newport and New York steamboat Company, this evening, at the depot at the head of Long Wharf, immediately after the arrival of the steamer Metropolis from Fall River. The charter of this corporation, being one granted by the State of Rhode Island, the meetings of the stockholders, are, by necessity, held in Newport. But the meetings of the directors are held in Boston, where, the principal directors, reside.

The boats are now painted with the name of "Newport" on the stern—a significant token of the time soon at hand, when Newport will be the depot at this end of their works.

After The Pirates.—The crew of the *John Adams*, having been received on board, and other preparations completed, started out yesterday afternoon, on a cruise after whomsoever she may catch. She was towed out of the harbor by the steamer *Perry*.

Rev. C. W. Denison went out beyond the light ship in the *Perry* to go on board the *John Adams* as chaplain of the expedition, but the steamer was unable to transfer him on board, by reason of the heavy sea.

Those who listened to this gentleman, last evening, however did not regret that he was returned to the city.

New Plan for Filling up the Army. A Washington letter say- that the Government has determined to adopt a plan for recruiting the army which has been long under consideration, and that measures will be immediately taken to carry it into effect. By this plan it is hoped that a very large proportion of the two years and nine months' men, just discharged, may be induced to reënlist for the war. These veterans are to be offered, in addition to the one hundred dollar bounty and pay which all the national soldiers receive, a bounty of three hundred dollars, and are to form a special corps, distinguished both from conscripts and from other three years men. The Government is to be reimbursed, man for man, for this three hundred dollars from the substitute fund to be raised under the draft, and which, by the terms of the act, must be devoted to this purpose. These advantages are to be forfeited in case the men to whom they appeal do not avail themselves of them within a fixed time, which will probably be sixty days. The large bounty offered is to be paid in instalments, to suit the convenience of the Government and the wishes of the soldier.

A lady in Nashville was making a visit to the penitentiary, and was permitted to look through the various wards. In one room she saw three women engaged in sewing, and turning to the keeper, who was showing her about, said to him in an under tone, "Dear me! the vicious-looking women I ever saw in my life! What are they put here for?" "They are here" he replied "because I am here—they are my wife and daughters, madam."

Some editor says, "Beelzebub got licked by Michael in Heaven." "Good enough for him," says another. He had better let an Irishman alone next time."

Just Greenwich. A little daughter of Prof. Ames, Principal of the Seminary, about three years old, fell from the second story window of the "Winsor House," on the afternoon of the 18th instant. She is seriously but it is hoped not fatally injured.—*Pendulum.*

Generosity.—An honest hackman in Providence who found a purse containing several hundred dollars and restored the money to its owner, a lady who had dropped it in his coach, was rewarded for his honesty by the husband of the lady, a wealthy citizen of Providence, who generously offered him fifty cents in postal currency, which the hackman very promptly and properly refused.

DEAFNESS

NOISES IN THE HEAD,

Diseases of the Eye, Ear & Throat,

CATARRH CURED

BY

DR. VON EISENBERG,

AT HIS CONSULTING ROOMS,

Author of "Surgical and Practical Observations on the Diseases of the Ear, with his new Mode of Treatment."

New Testimony.

New York, May 6.

I was entirely deaf in my left ear accompanied by a discharge. I placed myself under Dr. Von Eisenberg's care, who, by his great skill, restored me to perfect hearing, in the short space of a few minutes, without giving me the slightest pain, and the discharge has ceased entirely. The Eustachian Tube, which was obliterated, is quite open, and I feel that the sine-passage performs its functions. I am amply satisfied, and recommend every one suffering from impaired hearing to place themselves under the treatment of this eminent and successful physician.

THOMAS GRANAN, No. 539 6th-av."

"New York, May 7, 1863.

I have great pleasure to testify to the skill of Dr. Von Eisenberg. I went into his office almost completely deaf, and came out with my perfect hearing. It is nearly twelve months since, and the hearing is perfect. The operation, which lasted two or three minutes in each of my ears, gave me no pain whatsoever. I, with confidence, recommend all sufferers to place themselves under Dr. Von Eisenberg's unsurpassing skill.

SAMUEL C. HUNT,
No. 6 Meserole st., Greenpoint, L. I."

No. 131 Mangeuer-st., New York, Feb. 9, 1863.

I have been completely deaf in one ear, and partially so in the other, for above seventeen years, with a disagreeable discharge from both ears, combined with continual rumbling noise in the head, for which I have been treated by a most eminent practitioner in the City without the slightest relief.

I consulted Dr. Von Eisenberg, but I must candidly say that I had no faith in his success when I did so. It is, therefore, due to Dr. Von Eisenberg to acknowledge that I am entirely cured; also, that he displayed that skill and knowledge which have procured for him such an unrivaled reputation. As I have had an opportunity of comparing his mode of treatment with that of others, I can truly state that it is not only superior, but the principles which direct his mode of restoring the hearing are, in my opinion, certain.

JOHN TAYLOR.

New York, July 19, 1862.

This certifies that my mother has been for some time afflicted with partial deafness, suffering from pain, and rumbling noises in the head, together with other indications of a *total loss of hearing*. Dr. Von Eisenberg removed from her ears a great quantity of matter, together with coagulated blood, relieving her instantaneously, and all without pain. It is with grateful thanks that I give this testimony to his skill.

CARROLL J. POST, No. 98 South-st.

No. 23 Forsyth-st., Room No. 10, New York.

J. E. Von Eisenberg, M. D.—*Dear Doctor*: I have been afflicted with total deafness, and was induced to pay you a visit. No one can imagine my delight when, after one operation, my hearing was suddenly, and without pain, restored to me, for which I feel very grateful. After being totally deaf—almost shut out from the pleasure of using so necessary a sense—to have it returned, and to hear so distinctly, reflects great credit on you for the immense amount of skill you possess. I beg to thank you for what I can so truly appreciate. I am, Sir, your obedient servant.

EDWARD TEMPLE HARRISON.

Chronic Catarrh Cured.

READ

New York, March 20, 1863.

"This is to certify, that I have suffered from very severe CHRONIC CATARRH, with a dull heaviness in the head. I felt my nose completely stopped up accompanied by continual soreness of the throat, the chills stealing over me with occasional hot flushes, a great tightness of the chest and pain, so much so, that every one thought it was consumption. Having heard of the great cures performed by Dr. Von Eisenberg, I consulted him with but little hope of a cure. I am now happy to be enabled to add my testimonial to the great number already in the Doctor's possession, as to his scientific and successful mode of treatment, as he has shown in my case that skill and knowledge which have procured for him so great a reputation. I am so entirely restored to perfect health that I do most sincerely recommend all sufferers from CHRONIC CATARRH and SORE THROAT to apply at once to Dr. Von Eisenberg with a certainty of being cured."

FROM THE GRAND ARMY

RELIEF OF HOOKER.

Maj.-Gen. Meade Placed in Command.

NEW YORK June 29.

The *Heralds* Washington despatch is as follows:

WASHINGTON June 28, 10:20. p. m.

The following is from the Heralds special at Frederick to-day: Hooker was this morning relieved from command and Gen. Meade succeeds him. Hooker was relieved at his own request and leaves this afternoon for Baltimore.

It is reported that the rebels occupy York and Hanover Junctions on the Northern Central railroad. Every thing is working well with us.

Headquarters Army of the Potomac. A dispatch to the *Herald* dated 28th says: This morning Col. Hardie arrived by special train from Washington as bearer of dispatches relieving Gen. Hooker from command and appointing Maj. Gen. Meade his successor.

Gen. Hooker has issued the following farewell address: "In conformity with the orders of the War Dept., dated June 17th, I relinquish command of the Army of the Potomac. It is transferred to Maj. Gen. George G. Meade, a brave and accomplished officer who has nobly earned the confidence and esteem of the army on many well fought fields.

Impressed with the belief that my usefulness as commander of the Army of the Potomac is impaired. I part from it, yet not without the deepest emotions of sorrow, at parting with comrades who so many battles have endeared to me. I am relieved by the conviction that the courage and devotion of this army, will never cease, nor fail and that it will yield to my successor, as it has to me a hearty and willing support. With the earnest prayer that the triumph of its arms may bring success worthy of it and the nation I bid it farewell. (Signed) JOSEPH HOOKER."

This was followed by an address from Gen. Meade dated Headquarters Army of the Potomac June 28th:

"By direction of the President of the U. S. I hereby assume command of the Army of the Potomac. As a soldier in obeying this order; an honor totally unexpected and unsolicited, I have no promises or pledges to make. The country looks to this army to relieve it from the devastation and disgrace of a hostile invasion. Whatever fatigues and sacrifices we may be called upon to undergo let us have in view constantly the magnitude of the interests involved and let each man determine to do his duty, leaving to the Almighty the control of his fate and the decision of the contest. It is with just diffidence that I relieve in command of this army an eminent and accomplished soldier whose name must ever appear conspicuous in the history of its achievements but I rely upon the hearty support of my companions in arms, to assist me in the discharge of the duties of the important trust which has been confided to me.

GEORGE G. MEADE.
(Signed.) Maj. Gen. Commanding.
A. Barstow, A. A. Gen.

A report of the change in command soon extended to the several corps and the officers bade farewell to Gen. Hooker. He leaves for Baltimore where he had been ordered to report. The appointment of Gen. Meade gives universal satisfaction and all express a willingness to extend their heartiest co-operation.

STILL LATER.

NEW YORK, June 29.

Headquarters Army of the Potomac.

The *Herald* despatch says: Affairs on the Upper Potomac are quiet. The rebels have a small force south of Hagerstown and our forces remain in possession of South Mountain.

The rebel cavalry are reported to have crossed the Potomac below Edwards Ferry and captured a train of a hundred and fifty wagons.

Pleasanton has been appointed Major General and commands the cavalry forces. Stahl is ordered to report for duty with another command in Pennsylvania.

LATEST FROM WASHINGTON.

Boldness of the Rebel Cavalry.

NEW YORK, June 29th.

The Washington specials state that the rebel cavalry under Fitz Hugh Lee made a dash into Armandale Saturday, capturing several sutlers, burning a lot of hospital stores, wagons &c. Lieut. Dugwell and a dozen men in charge with some prisoners, were also captured

Another despatch states that a train of empty wagons from Tenallytown was attacked three times by the Rebel Cavalry and after a hard fight our escort of 300 cavalry escaped bringing a few prisoners with the loss of thirty killed and wounded. The rebels had four pieces of artillery and several regiments of cavalry near Gainsville. The rebels captured 150 wagons and nine hundred picked mules.

Three rebel brigades of cavalry are reported moving eastward, towards the Washington branch of the Baltimore and Ohio Railroad. They passed within fourteen miles, north of Washington and it is presumed their object is to destroy the trestl work between Washington and Annapolis Junction.

Gen. Martindale has inspected the defences of Washington.

THE INVASION.

NOTHING BUT MEN NEEDED.

NEW YORK, June 29.

A Harrisburg despatch to the *Herald* 28th says: We want men. Our fortifications only need good able and experienced soldiers. Will they come forward? Pennsylvania is now responding largely. Citizens generally are recruiting. Gen Smith is in command. The rebel General Johnson's division followed Rhodes into Chambersburg on Wednesday and moved on Shippensburg Friday. The numbers are estimated at eight and ten thousand each. The rebels near Gettisburg say they are going to Baltimore and Harrisburg.

ARRIVAL OF THE HECKLA, THREE DAYS LATER FROM EUROPE.

SANDY HOOK, June 29.

The steamship Heckla from Liverpool 18th via Queenstown 17th has passed this point. Steamship Etna from New York arrived at Liverpool 16th. Steamer Hansa from New York arrived at Southampton on the morning of the 17th. The political news is of no great importance.

The House of Commons have rejected the annual motion for ballot by a larger majority than usual.

LATEST VIA QUEENSTOWN.

LONDON, Wednesday June 17.

The steamship Pera has arrived from Alexandria, Egypt. She brings 12,078 pounds in specie and Capt. Speke and Grant of the Nile Expedition as passengers.

The old Edinburgh brig Ceres which arrived at Gibralter on the 11th inst. makes the following report: On the 25 h of April we fell in with the Confederate steamer Florida. She ordered us to heave to and take on board five men from her. The Florida had two hundred prisoners on board.

The *Times* city article says. The English funds were not so strong yesterday, but there was no cause for it.

IMPORTANT

TO ALL

INVALIDS.

It is well known to all Medical Men that

IRON

is the VITAL PRINCIPLE or LIFE ELEMENT of the Blood. But it is only since the discovery of that valuable combination known as PERUVIAN SYRUP that the great power of this VITALIZING AGENT over disease has been brought to light.

THE PERUVIAN SYRUP

is a PROTECTED Solution of the PROTOXIDE of IRON, a NEW DISCOVERY IN MEDICINE that STRIKES AT THE ROOT OF DISEASE, by supplying the Blood with its VITAL PRINCIPLE or LIFE ELEMENT, IRON. This is the secret of the wonderful success of this remedy in curing

Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhea, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladders, Female Complaints and all Diseases originating in a BAD STATE OF THE BLOOD, or accompanied by DEBILITY or a LOW STATE OF THE SYSTEM.

To take medicine to cure diseases occasioned by a deficiency of IRON IN THE BLOOD, without restoring it to the system, is like trying to repair a building when the foundation is gone.

Pamphlets containing certificates of cures and recommendations from some of the most eminent Physicians, Clergymen, and others, will be sent FREE to any address.

We select a few of the names to show the character of the testimonials:

☞ There can be but one stronger proof than the testimony of such men as these, and that is a PERSONAL TRIAL. It has cured thousands where other remedies have failed to give relief, and invalids cannot hesitate to give it a fair trial.

POSTSCRIPT.

TWO O'CLOCK.

THE VERY LATEST.

THE REBELS BETWEEN BALTIMORE AND WASHINGTON.

THEIR GRAND ARMY IN PENNSYLVANIA!

NEW YORK, June 29.

A Washington despatch to a Philadelphia paper says that the rebels who captured the wagon train, consisted of part of Fitz Hugh Lee's force which is marching to destroy the Baltimore and Ohio Railroad. Two rebel regiments are encamped at Accotonick, 10 miles from Alexandria. The captured rebels state that Stuart's Cavalry Division, with his artillery, are marching on the railroad between Washington and Baltimore. The whole rebel army, except Stuart, is now in Pennsylvania. The rebel officers say they are determined to make Pennsylvania their future battle-field.

THE EXCITEMENT IN PORTLAND.

PORTLAND, June 29.

An alarm was this morning occasioned by the sentinels at the fort who saw two schooners below the fort, acting as if intending to land. The garrison was beat to quarters, the Ferry Village people alarmed and notice sent across to the city.—The vessels however proved to be fishermen, harmless this time.

It is evident that the report of vessels in the bay of Fundy arose from the capture of the Archer by the Tacony and by the burning of the Barque. Perhaps the rebels in their character of fishermen spread the report to the fishing fleet themselves to draw off attention from the raid in Portland. It is also evident that there are no other privateers on our coast unless there is a later dispatch from the Florida or Alabama.

We have every man who joined the Clarence, so there is no truth in the report of the escape of a boat load of men Saturday morning. The rebel officers stated that they captured the M. A. Spindler with a quaker gun, a spar run out. The captain said "for God's sake dont fire I surrender." Some vessels might have escaped from the little howitzer if they had'nt been frightened.

GREAT INDIAN REMEDY

FOR FEMALES.

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies*, and is the very best thing known for the purpose. It will bring on the *monthly sickness* in cases of obstruction, from *any* cause, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES

have now been sold

without a *single failure*, when taken as directed, and without the least injury to health *in any case*. ☞ It is put up in bottles of three different strengths, with full directions for using, and sent by *express, closely sealed*, to all parts of the country.

Prices—Full strength, $10; half strength, $5; quarter strength, $3 per bottle.

☞ *Remember! This medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the prices will be refunded.*

☞ BEWARE OF IMITATIONS! None genuine and warranted unless purchased *directly of Dr. M., or office.* ☞ Accommodations for Ladies wishing main in the city a short time for treatment.

Dr. Mattison's Diuretic Compound,

For Acute and Chronic Gonorrhœa.

This new remedy contains neither Balsam, Copaiva, Spirits of Nitre, Cubebs, Turpentine, or any other noxious drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, grateful to the stomach, cooling, cleansing and healing in its operation and speedily allaying all heat and irritation in the urinary passage. You, therefore, who have been swallowing down *Balsam Copaiba*, either in capsules or mixtures, for months in succession, until with pale face and disordered stomach your breath and clothes are filled with its vile odor; throw away the disgusting mixtures, and send for a bottle of this *New Remedy*, which will not only cure you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

☞ ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2.00.

Dr. Mattison's Anti-Syphilitic Syrup,

For Constitutional Syphilis

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $150 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator.

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss.

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Price*—Quart bottle, which lasts a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and is now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded.*

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES, 28 Union street, Providence, R. I., and sent by *express, secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting *without inquiry*, to men who are alike destitute of honor, character or skill and whose *only* recommendation is *their own* false and extravagant *assertions* in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what his pretensions are*, but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *rogues*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with the *most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON as above. d13-1y

BOTH SEXES, SINGLE OR MARRIED.

DR. L. DIX'S
PRIVATE MEDICAL OFFICE,
21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Recollect the ONLY entrance to his Office is No. 21, having no connection with his residence, consequently no family interruption, so that on no account can any person be late applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

STRANGERS AND TRAVELLERS.

To avoid and escape Imposition of Foreign and Native Quacks, *now numerous* in Boston than in other large cities,

DR. L. DIX

promptly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying hosts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and care as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines *by the dead*, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cured," and those not killed, constitutionally injured for Life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is transported in various ways throughout the land; but, as a rule, nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and unkindly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all who need *a Medical or Surgical* adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, derangements of the womb, also, all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

CURE THAT COUGH OF YOURS.

Use the best, Safest, and cheapest Remedy the world has ever produced.

ONLY 13 & 25 CENTS PER BOTTLE.

MADAME ZADOC PORTER'S

GREAT COUGH REMEDY.

MADAME ZADOC PORTER'S Balsam is warranted to cure speedily and effectually, Curative Coughs, Asthma, Consumption, if used according to the directions, to cure in all cases, Coughs, Colds, Whooping Coughs, and all affections of the Throat and Lungs.

MADAME ZADOC PORTER'S BALSAM is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but emollient,—warming, searching and effective; can be taken by the oldest person or youngest child.

MADAME ZADOC PORTER'S BALSAM has been used by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT.—MADAME ZADOC PORTER'S Curative Balsam is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY!!!—Do not be persuaded to purchase articles at 18, or 25, which do not contain the virtues of a 13 ct. Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, takes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customer insists upon having Madame Porter's and none other. Ask for Madame Porter's Curative Balsam, price 13 cts., and in large bottles at 25 cts., and take no other. If you cannot get it at one store you can at another.

☞ Sold by all Druggists and Store keepers at 13 cts., and in larger bottles at 25 cts.

CURE FOR PIN WORMS.

DR. E. G. GOULD'S

PIN WORM SYRUP

Is the first and only remedy ever offered to the public for the effectual removal of the Ascarides, or Pin Worms, from the human system. The high reputation it has established in the last two years, and the fact that it is fast superseding all other worm remedies, is the best test of its great excellence.

It affords Relief in twenty-four hours and an Entire Cure is warranted

when taken according to directions, which accompany each bottle.

This Syrup is also a most valuable family cathartic, to be always used when physic is required, especially FOR CHILDREN. It corrects the secretions, gives tone to the stomach and bowels, assisting nature in her efforts to restore health. It is purely of VEGETABLE INGREDIENTS, AND ALWAYS SAFE AND RELIABLE.

DYSPEPSIA & FITS.

A SURE CURE FOR THESE DISTRESSING COMPLAINTS IS NOW MADE KNOWN IN A

"Treatise on Foreign and Native Herbal Preparations."

Published by DR. O. PHELPS BROWN.

The prescription was furnished him in such a providential manner that he cannot conscientiously refuse to make it known, although he never was a believer in Clairvoyance, Spiritualism, Pschycology, &c. This remarkable remedy has cured everybody who has tried it, never failing in a single case. It is equally sure in cases of Fits as of Dyspepsia; and the ingredients may be found in any drug store. Those who are afflicted with Consumption, Bronchitis, or Asthma, may also be cured by the use of my Herbal Preparations, which are charged with electro-magnetic properties, and an aura or aromatic atmosphere is continually emanating from them, in consequence of the *positive* and *negative* repulsion of its atomical electro-magnetical principles, thereby rendering their efficacy truly wonderful in all cases of Lung Complaints. I will send this valuable prescription free to any person on receipt of their name.

GALVANIZED IRON COFFIN.

The subscribers have become agents of the patent GALVANIZED IRON COFFIN, a new article finished in the most beautiful manner and made of what is proved by years of experience to be *the most durable of all materials*.

This article in shape and outward appearance resembles a highly finished rosewood coffin. It is much handsomer in appearance than the awkward, ill appearance metallic coffin, and is much lighter, more efficient and easier handled than the cast iron coffins which have been in use for several years.
